

Objectives Sheet

CLE 076 - Introduction to Agile Software Development

Course Learning/Performance Objectives followed by enabling learning objectives

CLE 076.U01.01	Explain the Agile approach in the DoD acquisition context.
CLE 076.U01.01.01	Define why Agile is important to DoD acquisition.
CLE 076.U01.01.02	Describe the advancement of Agile software development in DoD.
CLE 076.U01.01.03	Identify DoD systems that support Agile development.
CLE 076.U01.01.04	Recognize how oversight government agencies will support Agile methods.
CLE 076.U01.01.05	Identify key risks to a DoD Program Office in adopting an Agile approach.
CLE 076.U01.01.06	Identify the roles and major functions of stakeholders in an Agile environment.
CLE 076.U01.01.07	Identify how the technical review process in an Agile environment affects the ability of a PMO to mitigate program risk.
CLE 076.U01.02	Assist those considering implementing an Agile approach.
CLE 076.U01.02.01	Assist those considering implementing an Agile approach.
CLE 076.U01.02.02	Identify what to consider when implementing an Agile approach.
CLE 076.U01.02.03	Define Agile tenets and principles.
CLE 076.U01.02.04	Identify common misconceptions about Agile.
