

Objectives Sheet

LOG 0240 - Title 10 Limitations on the Performance of Depot-Level Maintenance (50/50)

Course Learning/Performance Objectives followed by enabling learning objectives

LOG 0240.U01.01	Recognize the overall importance of DoD Maintenance
LOG 0240.U01.01.01	Define DoD Maintenance
LOG 0240.U01.01.02	Recognize capability and significance of organic maintenance depots as well as identify the workload and locations of depot maintenance
LOG 0240.U01.02	Correlate the events and concerns contributing to the current language of Section 2466 and related sections of Title 10, United States Code.
LOG 0240.U01.02.01	Explain the principal changes to Title 10 provisions affecting the work performed in DoD's depots and shipyards.
LOG 0240.U01.02.02	Explain what reporting trends have been since establishment of the 50/50 requirement.
LOG 0240.U01.03	Explain the language of Section 2466 and how that language affects the way in which data are collected and reported.
LOG 0240.U01.03.01	Explain the conditions under which a waiver may be granted.
LOG 0240.U01.04	Correlate how the annual DoD-wide data call implements Section 2466 and what the Military Services and Combatant Commands must do to comply with these procedures.
LOG 0240.U01.04.01	Describe which DoD components are required to provide 50/50 reports, and which contractor performed work is reportable.
LOG 0240.U01.04.02	Describe which contractor-performed work is reportable.
LOG 0240.U01.04.03	Describe which types of cost are to be reported.
