

Objectives Sheet

PMT 0140 - Team Management and Leadership

Course Learning/Performance Objectives followed by enabling learning objectives

PMT 0140.U01.01	Given a scenario, apply management and leadership competencies and skills needed in a program office as an integrated product team (IPT) lead.
PMT 0140.U01.01.01	Given a leadership/management scenario, identify the management and leadership functions needed.
PMT 0140.U01.01.02	Identify the key theories of motivation.
PMT 0140.U01.01.03	Identify the stages in the generic team life cycle process.
PMT 0140.U01.01.04	Identify the 10 tenets for implementation of the Integrated Product and Process Development (IPPD) management approach.
PMT 0140.U01.01.05	Select the key components of effective teams.
PMT 0140.U01.01.06	Summarize the importance of the team charter.
PMT 0140.U01.01.07	Choose factors for developing a plan to manage communications for an IPT.
PMT 0140.U01.01.08	Summarize team conflict resolution techniques.
PMT 0140.U01.01.09	Given a scenario, apply the steps of the change model.
PMT 0140.U01.01.10	Identify the attributes of an effective metric.
PMT 0140.U01.01.11	Given a scenario, apply the steps of the metrics development process.
PMT 0140.U01.01.12	Select the three common methods of team decision making.
PMT 0140.U01.01.13	Apply team problem solving tools.
PMT 0140.U01.01.14	Identify the generic problem solving process.
PMT 0140.U01.01.15	Summarize the guidelines for program issue papers.
PMT 0140.U01.01.16	Apply the components of the Experiential Learning Cycle to critical thinking.
